TARIFF FORMAT

A. Sheet Numbering - Sheet numbers appear in the upper right corner of the sheet. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.

B. Sheet Revision Numbers - Revision numbers also appear in the upper right corner of each sheet. These numbers are used to determine the most current sheet version on file with the Commission. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Because of the various suspension periods and deferrals the Commission follows in its tariff approval process, the most current sheet number on file with the Commission is not always the tariff sheet in effect. Consult the check sheet for the sheet currently in effect.

C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

- 2
- 2.1
- 2.1.1
- 2.1.1.A
- 2.1.1.A.1
- 2.1.1.A.1.(a)
- 2.1.1.A.1.(a).I
- 2.1.1.A.1.(a).I.(i)
- 2.1.1.A.1.(a).I.(i).(1)

D. Check Sheets - When a tariff filing is made with the Commission an updated check sheet accompanies the filing. The check sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new sheets are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There shall be no other symbols used on this sheet if these are the only changes made to it. The tariff user should refer to the latest check sheet to find out if a particular sheet is the most current on file with the Commission.

SYMBOLS

Changes to this tariff shall be identified on the revised sheet(s) through the use of symbols. The following are the only symbols used for the purposes indicated below:

- (C) - To signify a changed regulation.
- (D) - To signify a discontinued rate or regulation.
- (I) - To signify an increase in rate or charge.
- (M) - To signify material relocated from one sheet to another without change.
- (N) - To signify a new rate or regulation.
- (R) - To signify a reduced rate or change.
- (S) - To signify a correction or reissued matter.
- (T) - To signify a change in text but no change in rate or regulation.
